Global Legal Hackathon

2022

## Personal Information

Autistic, I have a degree in Law and am currently studying Systems Analysis. I really enjoy socializing and working with teams and, above all, learning. I have Fullstack knowledge in JavaScript/TypeScript and I love to develop useful and creative projects.

## Work Experience

WEB DEVELOPER  
Luby Software – São Paulo, SP (R)

2022 - CUR.

I completed the company's training trail (LabLuby), going through the entire JS stack, with React, Next and databases to cryptocurrencies (Ethereum / Solidity). I currently work in a squad developing banking systems.

WEB DEVELOPER  
GitStart – San Francisco, US (R)

2021 - 2022

I worked on issues from open source companies, applying corrections and developing software improvements. The company was international and the communication was in English.

LAWYER  
Campos & Zambon – Porto Alegre, RS

2016 - 2021

I worked as a criminal lawyer, performing all kinds of legal tasks in the area, in addition to hearings and contracts with clients.

## Hobbies

Programming

Design

Biking

Photography
